

Dear Dr. Henney,

I am writing to express my concern over the PM
FDA's regulation of genetically engineered
(GE) food. I request that the agency's
current policies be changed, and I support
all the points in docket #00P-1211\CP1

- ☐ All GE foods should be labeled so I am
informed and have a choice.
- ☐ GE foods should not be assumed to be
"generally recognized as safe" and should
have mandatory pre-market safety testing
- ☐ There should be a moratorium on GE
foods until long-term studies show they are
safe for human health and the environment.
